

## ACTION ALERT: NASW Call for Donald Trump' Removal From Office

[In a recent news release](#), NASW calls for Donald Trump to be removed from office, stating that “...*President Trump bears responsibility for this insurrection that resulted in the deaths of five people, including a U.S. Capitol Police officer. He must be held accountable for this and his shameful attempts to subvert the will of the people and disrupt a peaceful transfer of power.*” Donald Trump has refused to step down, and Vice President Pence and the Cabinet will not involve the 25<sup>th</sup> Amendment to remove him from office. NASW Maine urges all social workers to contact our legislators and request support for impeachment and a swift and safe transition of presidential power. We need to do whatever it takes to end this dangerous and chaotic time. We also must take measures to ensure that Donald Trump can never hold legislative office again.
